Projects

MOVIE RECOMMENDER SYSTEM

- Implemented content-based recommender system using machine learning.
- I have used Angular distance method from the cosine similarity statistical approach for implementing this.

MY WEBSITE & MUSIC WEBPAGE

- Vicky Thakur (vickythakur0398.github.io)
- Created a static webpage using CSS, HTML, hosted it using Git-Hub use the knowledge of Box-Model of HTML to structure the web pages and styled it using CSS.

Extracurricular

- Got letter of appreciation from Reliance Jio based on my report submission
- Cleared AMCAT Exam for software Engineering – IT Services.
